COMMUNITY SHARES OF COLORADO ANNUAL REPORT

 **Community Shares**
Colorado's Community Giving Fund

LETTER TO THE COMMUNITY

Dear Friends,

In 2014 Community Shares increased the reach of our giving fund by 60% to total more than \$3 million in philanthropic dollars managed. Our growth means we cover more of Colorado, directly service tens of thousands of donors, and distribute funds reaching more than 700 nonprofits annually. Growth also requires us to innovate as we develop our organizational capacity to take on new challenges.

Acknowledging the needs of workplace partners and individual donors are in a time of transformation, Community Shares of Colorado's Board of Directors recommended a flexible set of priorities to allow the staff to pursue opportunities and quickly respond to projected changes. As a result of our 2013-2014 strategic visioning process, we are focusing on four strategic priorities:

- EXCEED DONOR EXPECTATIONS
- INCREASE EARNED REVENUE
- ADD VALUE FOR CORPORATE PARTNERS
- BUILD SOUND INFRASTRUCTURE

Our adaptive approach allows us to continuously re-imagine philanthropy as we fulfill our mission of connecting Coloradans to the charities they care about most.

In this annual report we have highlighted the pledge totals of several member nonprofits. Please remember that these totals are the fruition of thousands of Coloradans believing that every dollar makes a difference. While we grow and change, our commitment to the power of incremental and inclusive giving remains at the heart of our work. By giving together, we are making a significant investment in our shared community. Thank you for choosing Community Shares as your partner in philanthropy!

SINCERE REGARDS,

Alyssa Kopf, CEO

PROGRAMS & INITIATIVES

Community Giving Campaign

The annual Community Giving Campaign is the cornerstone of our work and primary service to member nonprofit organizations and Colorado's "everyday" philanthropists. With an average donor gift of less than \$1 per day, Community Shares raised and managed more than \$3 million for nonprofit organizations in the 2013-2014 Community Giving Campaign. We reach an annual audience of more than 220,000 employees in more than 150 workplace giving campaigns. We educate and inspire Coloradans to connect to the causes and charities they care about most.

PROGRAM HIGHLIGHT: COLORADO COMBINED CAMPAIGN

Community Shares was awarded the contract to become Campaign Manager for the Colorado Combined Campaign, the workplace giving program reaching more than 50,000 state government employees. In our first year of management, we expanded participation, engaged new partners, and increased giving to almost \$1.1 million.

Building Community Program

The Building Community Program leverages Community Shares' relationships with charities, donors, and businesses to increase community participation, education, volunteerism, and philanthropy across the state. We participate in community initiatives, boards, and commissions including: Colorado Association of Funders, Colorado Funders for Inclusiveness and Equity, Association of Fundraising Professionals, Colorado Planned Giving Roundtable, Community Shares USA, Colorado Nonprofit Association's Regional Advisory Council, and the Denver Chamber Leadership Foundation.

PROGRAM HIGHLIGHT: COLORADO COLLABORATIVE FOR NONPROFITS

We are a partner in the Colorado Collaborative for Nonprofits, bringing long-term cost reduction and partnership opportunities for the five participating organizations whose missions are to strengthen the infrastructure of the Colorado nonprofit community. Our goal is to create a hub for nonprofit communication and capacity building benefiting the sector as a whole.

Nonprofit Sustainability Program

The Nonprofit Sustainability Program is our key to strengthening the nonprofit sector and creating sustainable, mission-focused organizations that can best utilize the funds we raise. Community Shares provides multiple access points to resources, connections, and financial assistance for our local, grassroots nonprofits. Without our support, many of our members are unable to afford or access the same quality capacity-building resources that larger nonprofits obtain.

PROGRAM HIGHLIGHT: EXECUTIVE LEADERSHIP INSTITUTE

More than 75 nonprofit professionals take part in Community Shares' Executive Leadership Institute (ELI). The program features seven support groups that meet monthly with professional facilitators to discuss leadership issues on a peer-to-peer basis in a confidential venue. 93% of participants reported they have become better leaders due to the Executive Leadership Institute.

PARTNER WORKSITES

Community Shares was founded in 1986 to broaden the types of charities and causes included in workplace giving campaigns. We introduced new focus areas to high profile giving campaigns and encouraged investment in local grassroots nonprofits.

Annually we partner with with hundreds of Colorado businesses and tens of thousands of individual donors giving at work. Community Shares is a valued collaborator in promoting more inclusive corporate philanthropy in Colorado. Thanks to the initiative and ingenuity of our corporate partners, more Coloradans see themselves in their workplace giving options.

Community Shares partners with more than 150 Colorado businesses each year to offer workplace giving campaigns. Employees are able to give a small amount from each paycheck to the charities and causes they care about most. The support of our workplace partners enables Community Shares to collect nearly \$3 million each year with an average paycheck contribution of less than \$1 a day.

REDEFINING PHILANTHROPY

Community Shares of Colorado receives the majority of its revenue from two sources: annual givers and earned revenue. The majority of donors listed on this page make annual donations to Community Shares through workplace giving campaigns or recurring monthly donations. Unlike many foundations or giving funds, Community Shares does not receive the majority of its revenue from a handful of major donors. Instead, we work diligently throughout the year to engage our community of “everyday philanthropists” in incremental giving campaigns. We are committed to building community from the ground up and welcoming all who wish to give.

**WE CONNECT
COLORADANS
TO THE CHARITIES
AND CAUSES
THEY CARE
ABOUT MOST**

Since our inception in 1986, Community Shares of Colorado has been a leader in community-based philanthropy. Our commitment to inclusiveness and equity extends to our qualifications for nonprofit membership in our Community Giving Fund.

Community Shares' current members vote annually to add qualified nonprofit organizations to our family of member agencies. In an effort to promote shared progress, no member organizations may have conflicting missions and all members voluntarily choose to support the ideals of our eight program areas.

All Community Shares member agencies are active in our efforts to build a more inclusive Colorado. Community Shares represents only nonprofit organizations that respect and welcome all Coloradans in their services, volunteer opportunities, and leadership.
